

1. (a) Find a two-player game which has no pure equilibrium (and thus, the best response dynamics never stops); (b) Find a two-player game which has a pure equilibrium but no dominant strategy solution.
2. Exercise 19.9 of the textbook, Page 513
3. Exercise 19.11 (a) of the textbook, Page 514
4. Exercise 19.13 (a) (b) of the textbook, Page 515
